

DELL[®]

SANITARY WARE

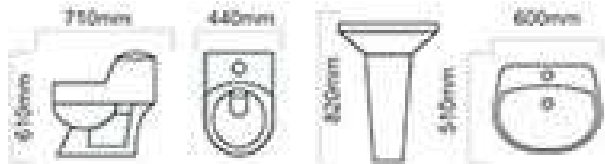

Dell Sanitary ware was established 25 years ago as a product platform with supreme quality standards with the aim of offering top-notch products to its customers. Since its conception at Gujranwala, Pakistan, the company has reached the heights of professional excellence because of its team's relentless hard work and management's ambitious mind set. The company has revolutionized the industry from being simply functional to inspirational.

Dell Sanitary ware is committed to provide continuous innovations to satisfy your aesthetic demand. We understand the customer's needs and adapt to the market's consistently evolving necessities, we develop and execute fresh designs

Dell Sanitary ware has established itself with a wide range of exquisite products to meet our customer's demand as well as have a research & development department to produce innovative, buyer specific and customized, high quality products.
