Introduction

Since 1975 Popular Pipes Group of Companies is focused in developing and establishing better home solutions for our valuable customers. We are the manufacturers of high-quality waterproof PVC board used in Vanity, Kitchen & Bathroom Cabinets, Wardrobes, Doors, CNC Partitions, Home and Office Furniture. Quality is the key ingredient of our products, our team is persistent in their efforts to raise the standards in quality, durability, innovation and design.

ULTIMATE PURPOSE

The purpose of this organization is to give an exemplary model of Prophet (PBUH) to the people, whereas making an attempt to revive the method of life into everyone's life. In order that people from all different fields of life ought to build their working trend as our Prophet (PBUH) did.

OUR VISION

To be the Pakistan's leading company for consistently delivering high-quality, innovative and sustainable project solution.

OUR MISSION

- To be the best environmental role model.
- We know what clients need. We give them what they desire.
- Each of our products and services includes unique features that the customer is not able to get from the competition.

OUR VALUES

Integrity | Honesty | Innovation
Commitment | Quality

PVC cabinets

It is Manufactured on Latest Technology. Its Surface can be Laminated and in Deco Multi Colors. It is Self-Extinguisher Anti-Moisture, Anti-Corrosion, Acid Proof and Alkali-Resistant, Long Life, Highly Strengthened Non-Toxic, Non-Ageing, Water Proof, Termite Proof, Fire-Retardant & Resistance to Thermal Forming.

WE ARE
A CREATIVE
MODERN DESIGN STUDIO
WITH FRESH NEW IDEAS

“ If you think good design is expensive you should look at the cost of bad design. ”

Cabinets

INSTALLATION

The following steps are mentioned below:

- 1 Identify water pipe lines before installing cabinets.
- 2 Wall surface should be plan.
- 3 Use level meter for accurate levels.
- 4 Measure the dimension of wall and cabinets.
- 5 Spot mark according the require measurement.
- 6 Pipe should be in the center of the cabinets.
- 7 Place cabinets with wall and screw with washal on wall before final installation and use rawal plugs for screwing and proper grip on the wall.
- 8 Use L bracket with screw and washal at the edge on the vanity.
- 9 Use standard star bitt on drill machine for screwing.
- 10 To avoid rusting on hardware parts use Popular rust-free oil.
- 11 After installation place basin on the cabinets.

Cabinets

INSTALLATION KIT

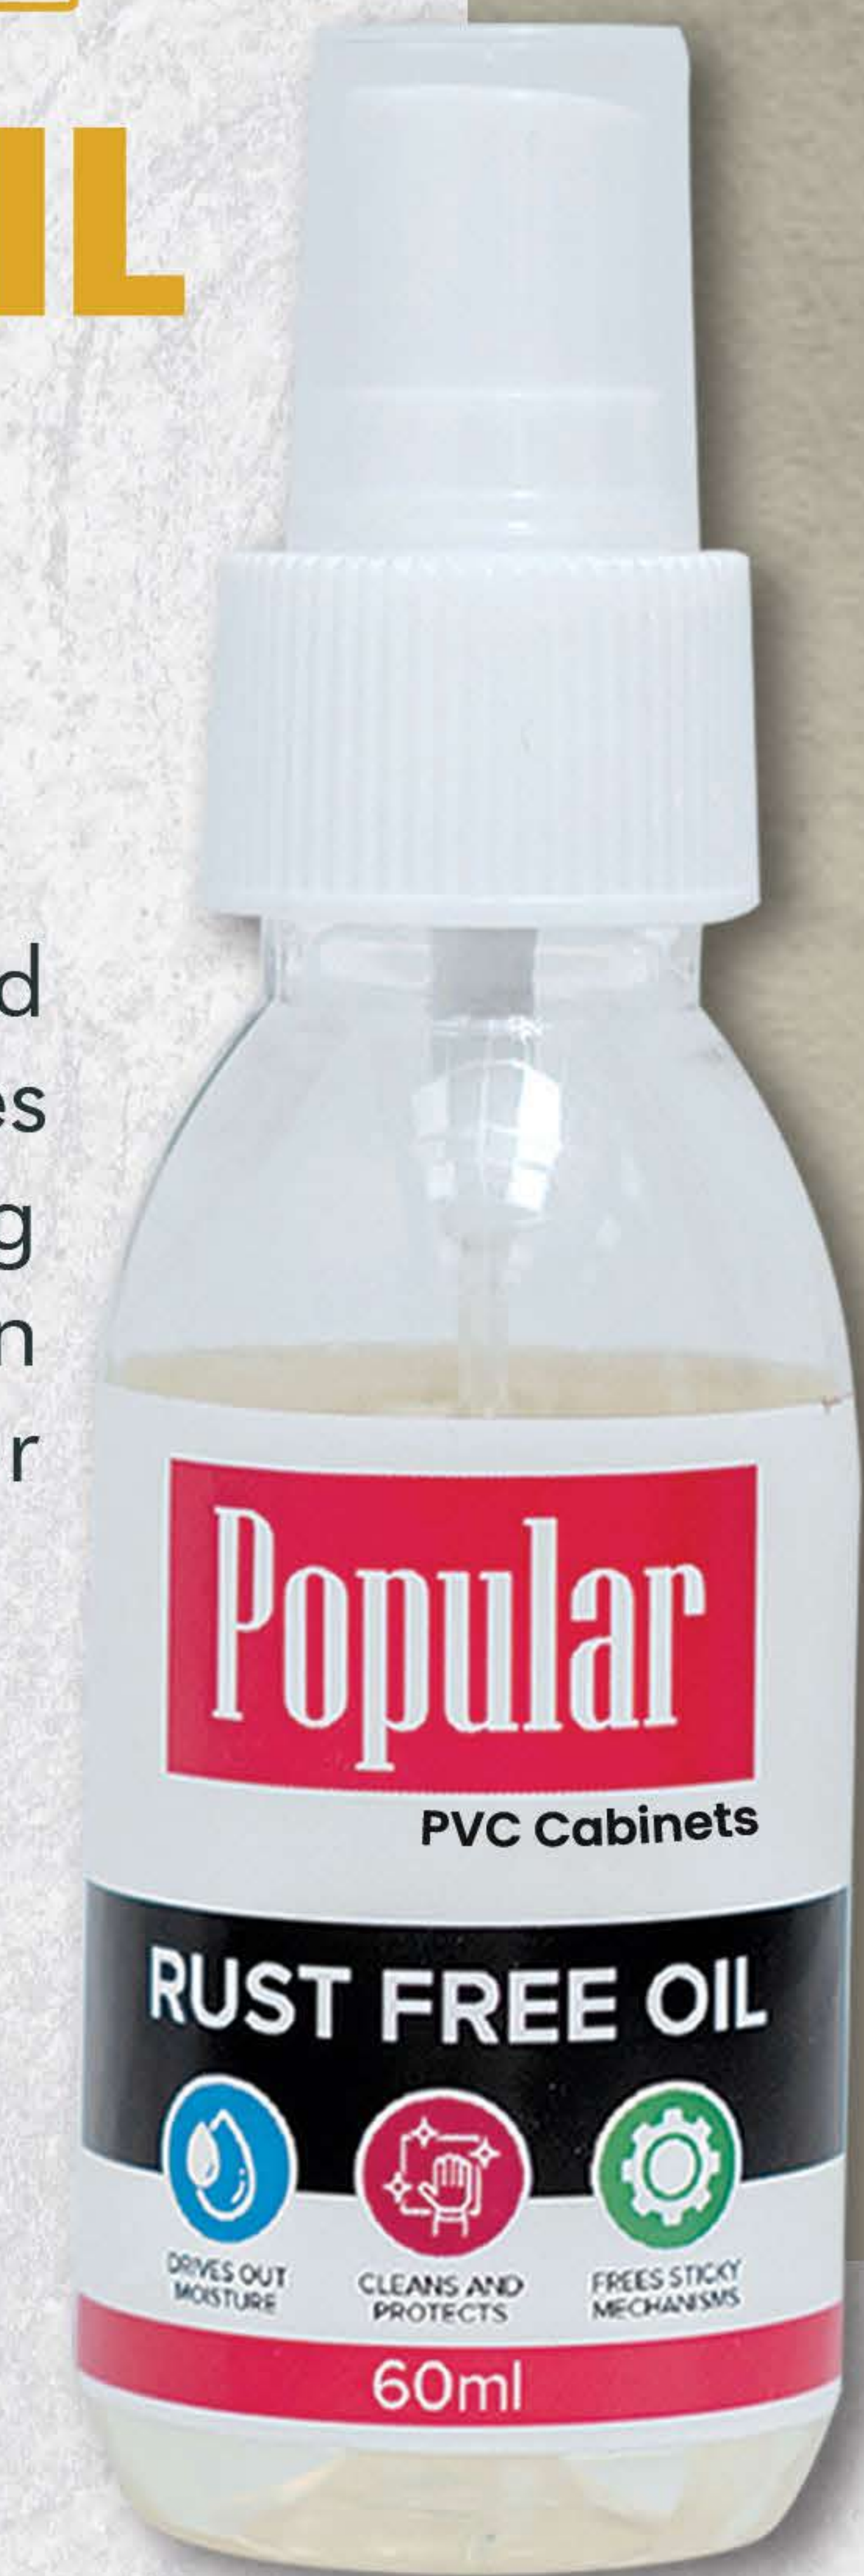

Hardware used in the process of installation includes different hardware's. This hardware will help the consumer to install cabinets on the required area with out getting in the hazel of buying hardware.

Hardware includes:

- Rawal plugs
- Screws
- Washals
- L brackets
- Popular Rust-free oil

Popular

RUST FREE OIL

Key Features:

Popular anti-rust free oil is ideal for preventative maintenance and use in extreme environments such as high humidity. It provides non-drying protection that stays where you spray it. It has a long lasting formula to protect metal parts by blocking rust and corrosion for up to 1 year outdoors or 2 years indoors. A must have for corrosion protection.

- Protects against rust and corrosion longer.
- Protects hardware from rust and soften the working of hardware.
- Extends life of tools and equipment.
- Ideal on equipment in storage.
