Quality Engineering at its best!

HALLMARK OF QUALITY...

Innovative Design & Creative lifestyle!

In 1967, "Parwaz", a dream was born to change people's lives through state-of-the-art products. These matchless home appliances and electrical goods are result of almost 50 years of manufacturing experience that the company has successfully gained. It has become one of the fastest growing Home appliances and Electrical goods company in the country and has achieved worldwide recognition with the most comprehensive, diverse and trend-inspired product line

Today, Parwaz has emerged as the most preferred choice of Electrical goods and Home appliances for discerning individuals and industrial consumers in both Pakistan and the International market.

History of Trust

Trust truly is the foundation of our business. It is what has brought us this far and will take us further in the future. We fulfill this responsibility by committing to keep raising our standards and ensuring complete customer satisfaction. Our principles are sincere and ethical in our dealings, to relentlessly strive to constantly improve our teams.

AMBASSADOR OF EXCELLENCE

Parwaz designs and manufactures best possible comfort solutions. Concentrate on supplying our resources to our customers and markets, constantly striving for excellence in understanding, our customers. We endeavor to be a key player in the industry and strive to be a company that speak for themselves in their beauty and elegance.

MISSION

Parwaz is known for its technological advancements and producing the best quality of products. The spirit of innovation is always present as Parwaz continues to develop new ideas. We go the extra mile, to deliver superior quality products that meets international standards. The Company regards the quality of production as its lifeline.

QUALITY

At Parwaz, quality has been the hallmark since our start. The entire line of Parwaz products have been painstakingly developed with emphasis on style, quality and variety. The Company is ISO 9001-2008 certified and has long since adopted the ISO standards. Moreover all the products meet the PSQCA approved quality standards.

LEGACY OF INNOVATION!

Stainless Steel known for durability

With innovation as th motto of our company, we've continued building on the Original designs and high-end engineeringstandards. We added fresh finishes and the option to install it with four or five blades. What's remained the same: Quality and durability of our fans!

HZ-61

QUALITY FOR DECADES.

Parwaz always created with one goal in mind: Durability. There's a reason you hear people saying their Prwaz fans are hanging in their home for 20, 30, or even 40+ years.
